

The Corner-stone of

Our Success

Watchword is "Reliable."

On November 10, 1846-just 51 years ago-Jacob Castelberg, the founder of the National Jewelry Company, established himself in business at 126 North Gay Street, Baltimore, Md. In January, 1872, he inaugurated the system of selling Jewelry on credit. He is the pioneer of the Jewelry credit business of the country, just as the late Motel Castelberg, of London, England, was the pioneer of the instalment business for the entire world. He was the first to extend credit to the rich and poor ali e, about 1805.

On November 10, 1897 (tomorrow), we celebrate our 51st Anniversary in business. We are in the prime of our business lifejust at the mile-stone of half-a-century-and-one.

Our establishments have gone forward in public favor every year. We built our business rightly-strongly-set it firmly on the safe foundation of "reliability"-with credit as the cornerstone-the key that opens the way to every honest man or woman to enjoy the refinements and comforts that come of having the

Diamonds, Watches and Jewelry they need or fancy without feeling the hard hand of "cash" barring their way.
Our watchword has at all times been "RELIABLE."

On tomorrow (Wednesday) evening, November 10, we extend a cordial invitation to our patrons and the citizens of the District of Columbia and surroundings to visit our establishment and help

We offer this discount that everybody will be able to get a reliable token from our celebration. Every article in the establishment is marked in plain figures. A child can purchase as cheaply and as well as a man and with the same safety.
